

Sleep Inn and AllTrails Cross Paths to Help Travelers Unlock Adventure and Explore the Great Outdoors

Wellness-focused hotel brand invites guests to 'check-in' with nature through premium perks

ROCKVILLE, Md., April 20, 2023 /PRNewswire/ -- Traveler preferences have evolved, with more than half of today's leisure travelers saying that easy access to walking trails and wellness activities are top amenities they consider when selecting lodging accommodations. In recognition of this – and its longstanding commitment to help guests maintain holistic wellbeing on the road – the [Sleep Inn](#) brand, known for its serene, nature-inspired design and proximity to top outdoor destinations, has teamed with [AllTrails](#) to make it easier than ever for adventure-seeking travelers to connect with nature.

Starting today, as part of the new collaboration with the world's largest and most trusted outdoor app, Sleep Inn guests at participating Sleep Inn hotels will be able to scan a QR code in the lobby to access a list of nearby trails curated by AllTrails that guests can easily access during their stay. Guests may also browse AllTrails' extensive library of more than 750,000+ miles of hiking, biking and running trails available to them, and enjoy the perks of AllTrails' premium offering, AllTrails+, which includes the ability to download maps for offline use, view immersive trail previews and more – for free for one month.

"Today's modern guests know it's not just about getting from Point A to Point B, equally important is uncovering new opportunities to engage all five senses along the way. It's why every Sleep Inn hotel is thoughtfully designed to serve as a stylish sanctuary, so guests can unwind easily and wake up rested to fully enjoy the travel experiences that matter most," said Cathy Hartman, vice president, brand strategy, Choice Hotels. "It's also why we're committed to teaming with brands that share our dedication to empowering guests to live – and explore – better. Whether a seasoned adventurer looking for a new experience off-the-beaten path, or a road warrior wanting to reconnect with nature after a long travel day, our collaboration with AllTrails ensures Sleep Inn guests can maximize their travel experience and explore each destination with ease."

With 550 Sleep Inn hotels open and in the pipeline, the collaboration with AllTrails provides guests with the latest maps, photos, reviews and directions for some of the country's most popular trails and walking paths, including:

- **Cougar and Alice Knight Loop**, a serene loop ideally suited for running, strolling and bird watching, located near the [Sleep Inn in Charleston, West Virginia](#).
- **Memorial Causeway Trail**, a popular six-mile running and biking path near the [Sleep Inn Clearwater-St. Petersburg in Florida](#).
- **Veteran's Park Trail**, a water-front path ideal for running, walking and nature-watching situated near the [Sleep Inn in Union, Tennessee](#).
- **White Trail**, a 1.5-mile out-and-back path, ideally suited for guests of the [Sleep Inn Near Penn State](#) who want to hike popular Mount Nittany but don't have time for the full loop.

Teaming with AllTrails is just one of many ways Sleep Inn provides guests with a unique and memorable experience. Starting this summer, Sleep Inn – which features 90% of its hotels located within an hour-and-a-half of a national park – will also bring back its popular *Inspired by Nature Sweepstakes* to give one lucky traveler and their guest the chance to experience one of four spectacular U.S. national parks.
